

MUCH DAMAGE
BY LIGHTNING

Shelby County Seems to
Have Troubles all
Her Own.

Woman, Two Horses, a Dog and
a Stack of Hay Struck—
Lightning's Capers.

Electricity played havoc at noon Thursday in and around Shelbyville, coming presumably from two sources, the heavens and a trolley wire which short-circuited with the newly-laid traction rails, and as a result one person was struck by lightning, two horses were shocked from the rails and thrown to the ground, a dog was killed outright and a hay cock was burned. While sitting at dinner a few minutes before noon, Mrs. Clara Swallow was struck by lightning which entered through an open window amid the cinders of a thunderbolt. With her at the dinner table was her son, Hooker Swallow, who was unharmed by the bolt.

The current passed down the right arm and the right side of the body and slightly burned the skin. The arm was benumbed and totally paralyzed. The woman is now able to move the arm.

A stroke of lightning shot from a thundercloud on the farm of Harry Teal, a short distance north of Shelbyville, and, striking a hay cock burned it to a cinder in less than a minute in the midst of a downpour of rain. The spectacle was witnessed by Mr. Teal, who had just been chased to shelter by the rain.

A short circuit was caused on the traction line in Shelbyville about noon, when the trolley wire was cut. The cut wire fell to the tracks and as it struck the rails, a million sparks shot into the air followed by a blaze of light. Residents rushed out of their houses thinking a fire had been started. The electricity communicated with the rails from the severed trolley wire and before it had been taken from its position two horses were shocked when they attempted to cross the tracks, and both, feeling the effects of the current, quivered and sank to the ground. One horse was driven by Mrs. Elizabeth Lee. The other was hitched to a delivery wagon.

A large mastiff was killed by electricity when it approached within six inches of a steel trolley pole as the trolley wire fell to the tracks after having been cut.

While fifty guests sat at dinner in a restaurant during the thunder showers several square yards of plaster fell from the ceiling into the soup, coffee, hash, meat, potatoes and other victuals, before the guests. Whether the fall was caused by the thunderstorm or the effects of an earthquake is not known. It created a deal of excitement and put the proprietor and waiters in an embarrassing situation.

Lon. H. Havens, formerly of the firm of Havens Bros., grocers, has purchased Oliver C. Brann's grocery on North Main street, and is now in charge, having taken possession yesterday. Mr. Havens has had much experience in the grocery business and he will no doubt serve the people in that part of town as well as Mr. Brann has done. Mr. Brann is undecided as to what he will do.

A SYRIAN GETS
INTO TROUBLE

Accused of Mistreating Mrs.
Harry Pea—Investigation
Being Made.

Yesterday evening, Harry Pea, a bridegroom of but a few weeks brought Joseph Saikley, a Syrian, who said that he was taking orders for a notion firm at Connersville, of which he is part to the office of Mayor Hall and turned him over to Marshal Craig. Pea said Saikley had insisted on showing his sample wares to his wife and that he pushed her roughly into a chair three times when she attempted to leave the room after ordering him out of the house. Saikley seemed to understand very little that was going on. Deputy Prosecutor Kiplinger, Mayor Hall and members of the police force held a court of inquiry after which Saikley was released on his own recognizance. The matter will be looked into further. Saikley, it is said, has been in this country but a few months.

Overcome

Major Martyr, a horse in training with Harrie Jones at Riverside Park, dropped dead about ten o'clock this morning. The horse seemed to be in its usual health this morning, and it was being worked on the track. The horse was a trotter, six years old and was valued at \$300.

SOLDIERS GO TO
MORRISTOWN

Big Crowd Watches Troops
Break Camp This
Morning.

Little Girl Hides Chickens
From the Soldiers—The
Camp at Night.

After having been in camp on the commons, west of the L. E. & W. depot, for eight hours, Companies I, L, K, and N., comprising the Third Battalion, Fourth U. S. Regular Infantry, which is on its way from Ft. Thomas, Ky., to Ft. Benjamin Harrison, struck their tents at 6 o'clock this morning and marched out the Indianapolis pike for Morristown, where they arrived at 11 o'clock, and went into camp at Blue River park.

A large crowd saw the troops break camp this morning. Shortly after reveille was sounded by the buglers, the 235 officers and men were hustling about, packing their belongings, loading the wagons and striking tents. After the morning mess the horses and mules were hitched to the ambulance, the horses were saddled, the troops lined up and at the sound of the bugle marched away, leaving the camping ground in as good condition as it was when the command arrived.

One soldier was left behind because of illness. He went to Morristown on the traction line. The troops stopped at the Gowdy farm for rest and water and made three other halts between that place and Blue River park. The town of Morristown was gaily decorated for their coming.

One of the most interesting stories told in connection with the march to Morristown comes from the home of Jacob Lambert, near that place, his little daughter being the central figure of the incident. The arrival of Lieut. Waterman Tuesday, had set the tongues of the elder people wagging on stories of soldier life and at the dinner table the remark was dropped that everybody must hide their chickens, ducks, and turkeys, or the marauding soldiers would get them all. The remark was jokingly made, but to the little girl referred to it meant much as was proven later by developments that furnished a hearty laugh for the older ones. A lady who chanced to be visiting at the Lambert home, happened to go out in one of the rear yards about the middle of the afternoon, when an unusual sight met her gaze. The little girl, about nine years of age, had secured the services of a younger brother and was busy trying to drive all the nice fathens, roosters, chickens, ducks, turkeys and geese into a large chicken house.

"Why, child, what are you trying to do," inquired the lady of the little girl. And almost tearful came the reply from the little girl, who had taken so seriously the joke her elders had forgotten a few moments after it was uttered, "Why, we don't want the soldiers to get our chickens, and brother and I are trying to lock them up, but we can't get them to go inside."

It is safe to say that a great load of anxiety passed from the children's minds when the true state of affairs was explained to them.

Last evening a large number of people witnessed "guard mount," and "retreat" at the camp and saw the soldiers partake of their evening "mess." "Roll call" was had at 9 p. m. and "taps" sounded from the bugles at ten.

Shortly after 11 o'clock a correspondent visited the camp. All was quiet save the soft and steady tread of the sentries, whose dim outlines could be seen strolling to and fro in the darkness. Not a light was to be seen.

Occasionally one of the army mules would stir and the rustle of the straw in which he lay could be heard all over the camp. Beyond these there were no sounds. The soldiers evidently were sound asleep and enjoying a much needed rest after their march of the forenoon and their labors in setting up camp.

As he sat on his fine bay horse this morning just before ordering the troops to resume the march, Major

Tillson said that "he and the" officers and men had enjoyed their stay in Rushville immensely and he is very grateful to the people for the favors that the command received. Major Tillson desires very much to march his command through Rushville on the return to Ft. Thomas in October on account of the excellent roads.

GASOLINE AND A
LIGHTED MATCH

Came Near Destroying Resi-
dence of Ray Heck at
Morristown.

Ray Heck, drayman and ice dealer, of Morristown, came near losing his residence property by fire about 10 o'clock Wednesday morning as the result of a very peculiar accident caused by a bit of carelessness on the part of members of his family. House cleaning was in progress and in one of the rooms great quantities of wearing apparel, beds and bedding and other household furniture had been placed while other rooms of the house were being placed in readiness to receive them. One bed in particular was being given a gasoline bath by the lady of the house, when a lighted match was introduced in the room. Of course there was a flash as he volatile substance on the bed ignited and an instant later there was a roar as the can of gasoline also cut loose.

Scorched, singed and badly frightened, the occupants of the room rushed for the open air and gave the alarm. Before the flames in the room could be controlled Mr. Heck had suffered serious loss as most of the contents of the room were either destroyed by the fire or badly damaged by the fire streams of water turned loose in the room to check the flames.

The shock temporarily paralyzed the woman and a physician was called to care for her. The lady is suffering from the effect on her nerves and it is feared that an attack of nervous prostration will result.

RESTAURANT
IS ROBBED

Policeman Price Arrests a
Man Named Seibert
For Burglary.

Court of Inquiry is Held—
John Madden Loses
\$9.65.

Shortly after 1 o'clock this morning some one tore out the wire screen in one of the front doors, and entering John Madden's restaurant, on First street, deprived the cash register of \$9.65. Two men were in the restaurant shortly before 1 o'clock when Clyde Colsher closed the restaurant. Colsher was seen to count the money before closing the register. When Colsher left the restaurant these men moved across the street. This morning, Policeman Price was apprised of the facts in the case. Through Colsher, a man named Harry Seibert, found at the Grand hotel, was identified as the man who was in the restaurant at the time Colsher closed for the night.

Policeman Price took Seibert to the court house, where he questioned him closely regarding his actions last night. Seibert declared that he was in bed at 10 o'clock and that he was not about the restaurant at the time Colsher closed up. Seibert was somewhat intoxicated this morning and he is being held on the charge of drunkenness, pending the result of the investigation into the robbery. He told Policeman Price that he had \$3.60 last night and said that he had but a dollar or so this morning. Office Price found \$6.49 on his person. He then discovered that Seibert purchased a new pair of shoes at Bliss & Cowing's store. Seibert stoutly denies that he could have been in any way connected with the theft at the restaurant. He said that the I. & J. Traction company, yesterday evening paid him \$12.35 for work that he had done while a member of a pole setting gang. An investigation at the office of the traction company discloses the fact that Seibert was paid \$11.35 on Wednesday. The authorities will investigate Seibert's case thoroughly before the will decide what to do with him. Seibert came here from Anderson.

IS ACCUSED OF
STEALING WHEEL

Blaine Moore, colored, was arrested by Sheriff King this morning at jail on the charge of petit larceny. An affidavit against Moore has been filed in Squire W. T. Jackson's court.

The young negro is accused of stealing a bicycle belonging to Francis Moor, son of Deputy County Treasurer Alvan Moor. The bicycle is valued at \$25. It is a new machine of the National make and was painted blue. The wheel was kept in the barn at the Moor residence and was first missed Sunday evening.

A close watch was kept for the thief. Yesterday it was brought to Sharer & Whitlock's shop for repair where it was identified, despite the fact that the frame had been painted red.

When Moor came after the wheel Sheriff King, who was notified promptly took him in charge.

The negro denies stealing the wheel, contending that he purchased it from a man named Stiers and living on the William Newkirk farm, north of town. Sheriff King, Deputy Prosecutor Kiplinger and County Auditor took the negro to the farm this morning, where Moore pointed Morris Kirk as the man from whom he bought the wheel. Kirk states that he never saw the Moore boy before and that he saw him no wheel.

RUSHVILLE, IND., JULY 13, 1906.

The great prosperity which prevails throughout the State and the nation is largely due to the continued supremacy of Republican policies and Republican administration. We firmly believe that Republican ascendancy is essential to the continued maintenance of prosperity among the people of the entire country.—From the Republican State Platform.

In Indiana the Republican party backs up its promises for a two-cent fare law, for honest and economical administration of all public business, and for insurance and other reforms, with a good past record, and a reputation for pledges redeemed. There was trouble in the State house. The Republican administration discovered it, corrected it and unearthed thousands of dollars misappropriated by a Democratic official besides. The State institutions were never conducted along more wholesome lines than now, and at a per capita cost much less than under Democratic rule ten years ago. The State debt which was piled up to over seven millions of Democratic extravagance and mismanagement has been rapidly reduced year by year by Republican administration, under Republican policies, and improvements and needed expenditures were made on our State institutions, and new benevolent institutions inaugurated in the meanwhile. The laws have been and are being enforced. If the voters of the State have lost confidence in the Republican party and want a change, they are certainly not showing it. Indiana people are prosperous, contented and happy, and believe in obeying and enforcing the laws, in paying the State debt and in conducting our State business in the safe and economical methods now in vogue, the opinion of Tom Taggart of French Lick Monte Carlo notoriety to the contrary notwithstanding.

When applied and covered with a hot cloth Pinesive acts like a poultice. Best for lumps, bruises, boils, eczema, skin disease, etc. Sold by Lytle's Drug Store.

POLITICAL GOSSIP

Some Speculation Concerning Personnel of Executive Committee.

Indianapolis, Ind., July 13.—It is rumored here that George Cunningham of Evansville will be tendered a place on the executive committee of the Republican state committee. It is not known whether there is any ground for it, as Chairman Goodrich is not at the headquarters. There has been considerable speculation as to the make-up of the committee, but Chairman Goodrich has been very close-mouthed about it. In fact, he was not ready to talk, as he did not have the committee completed. If Cunningham is appointed it will probably be with the view of healing the differences caused by the fight in the First district last winter, when Phelps Darby was elected chairman. The Hemenway-Fairbanks element does not desire to be at loggerheads with Cunningham and is probably willing to make a good honorary berth for him if he will accept it.

Another suspension of coal mining is imminent in the Indiana fields owing to the misunderstanding over the clause in the new agreement stating that the miners must remove a "reasonable amount" of slate. Just what constitutes a reasonable amount has not been determined. Word was received at the mine workers' headquarters today that the miners at Black Creek have quit work pending a settlement of the question, and that many other mines in the Linton district will probably be shut down within a day or two. President Mitchell said that it is likely that the trouble will spread to the other mines of the state pending an agreement on the question. He also declared that in the mines mentioned the miners have been requested to remove an unreasonable amount of slate. It is possible that a new convention of the miners and operators will be called at Terre Haute to adjust the differences and to establish a rule for the entire field.

There was a considerable stir here when it was reported that John W. Kern had engaged passage to Europe next week. The conclusion was instantly reached by many that he was going to see William Jennings Bryan in behalf of National Chairman Taggart with the hope of softening his views relative to Taggart's connection with the French Lick gambling institutions. Kern declared, however, that he has no arrangement to meet Bryan and does not expect to see him. He is going to Europe to take the depositions of several people which he desires to use in a damage case he is conducting. If he meets Bryan it will not be by prearrangement.

The hearing of the representatives of the railroads was completed yesterday afternoon by the state board of tax commissioners. Almost without exception the tax agents admitted that their companies had enjoyed an increased business over last year, but most of them said the operating expenses were heavier and they asked for a reduction from the valuation placed on their property by the state board last year. The tax board will hear the representatives of the interurban companies today and Saturday.

ADMIRAL BRADFORD RETIRES
Old Naval Officer Given a Chance for Well Merited Rest.

Washington, July 13.—Orders issued from the navy department detach from duty as commander of the Third squadron, United States Atlantic fleet on July 22, Rear Admiral Royal B. Bradford and order him home to be placed on the retired list. He is at present in command of the training squadron, which was last reported at Fayal, Azores.

Admiral Bradford was chief of the equipment bureau of the navy department during the Spanish-American war and was complimented by President McKinley for the manner in which he discharged the arduous duties of that place, and especially for the energy and businesslike ability he displayed in supplying the American fleet with coal in the most remote parts of the world throughout the war.

Important Developments Expected.
New York, July 13.—District Attorney Jerome returned to New York from his summer home in Lakeville, Conn., and plunged into the Thaw murder case. With Assistant District Attorney Garvan he spent several hours

up-town, and it is said the two prosecutors had interviews with important witnesses. Neither Mr. Jerome nor his assistant would discuss their conference when they returned to the criminal courts building, but it was rumored that important developments soon are expected.

McCall Not a Millionaire.
New York, July 13.—The net value of the estate left by the late John A. McCall, former president of the New York Life Insurance company, was \$40,835, according to the report of the appraisers of the estate just filed in the surrogate's office. This document shows that Mr. McCall died possessed of property valued at \$74,000, but this has been reduced by the payment of debts, administrative expenses and other disbursements to the extent of \$33,165.

Bloomington, Ind., July 13.—Mrs. Charles Curry, aged fifty, was killed by lightning on a farm two miles east of here. Near Salem, Washington county, Charles Plaskett, a farmer, was killed by a bolt of lightning at about the same time.

OSCAR HADLEY
Popularly Known as the Farmers' Candidate for Treasurer of State.

Oscar Hadley of Plainfield, Republican nominee for state treasurer, is a typical Indiana business man, farmer and stock raiser. While a candidate before the nominating convention he was known as the farmers' candidate because over the state he is best known as a raiser and judge of fine stock, and is a member of the state board of agriculture.

Oscar Hadley was born on a farm in Hendricks county and has spent most of his life in the neighborhood where his father and mother settled in the early days of the state. In addition to being one of the best known breeders of fine cattle in Indiana, he is president of the First National Bank of Plainfield.

OSCAR HADLEY.

Oscar Hadley was trustee of his township and has been treasurer of his county, and made an excellent record in both positions. Although he has not asked for a state office before, he is probably one of the best known men in Indiana who has not been in public service. He has a very wide acquaintance among the substantial elements. He has been a member of the state board of agriculture for four years and had been a member of its executive board for two successive years. Fifteen years ago Hadley laid the foundations for a fine stock farm, and he is widely known not only as a breeder, but as a judge of cattle. He has gained a wide acquaintance among stock breeders and agriculturists by being called to all parts of the state to judge cattle at county fairs and cattle shows. He was one of the organizers of the Polled-Durham Breeders' association of the United States—one of the largest organizations of the kind in the world. He was tendered the presidency of the association, but refused to accept it.

In the nominating convention Mr. Hadley proved himself a strong and popular candidate, and it is pointed out that he is of the type of citizen who makes our best public officials, and it is believed he will attract many votes to the state ticket this fall. Before his nomination he declared himself in favor of the policy later endorsed by the Republican platform of turning over to the state the interest on all public funds.

CREATED A SENSATION

Effective Confirmation Is Given the
Contention of the Defense in
Nasty Divorce Case.

Augustus Hartje's Forces Were
Thrown Into Confusion by Some
Direct Evidence.

Pittsburg, Pa., July 13.—Mary Scott Hartje, who is contesting a suit for divorce brought by her husband, Augustus Hartje, the millionaire paper manufacturer, was the starting witness when the case was taken up yesterday after a week's adjournment to allow counsel for both sides to examine handwriting with experts. In the letters that Mrs. Hartje is alleged to have written and which figure prominently in the case, Mrs. Hartje threw the counsel for her husband into some

AUGUSTUS HARTJE.

what of a disconcerted attitude when she flatly contradicted her testimony of last week and denied that she ever wrote the Susie Wagner letter, known as exhibit No. 6. This letter is one of the "standards" in the case and formed a large part of the premise in the case from which the handwriting experts for her husband argued that she wrote the famous forty letters alleged to have been written by her to "Tom" Madine, the coachman co-respondent in the case.

The sensation thus produced was further heightened when David N. Carvalho, the handwriting expert, was called for Mrs. Hartje and declared on the stand that the torn and mutilated exhibit No. 35 on which the case is in part based was a "forged and mutilated document." He said he had noted three distinct handwritings in the exhibits.

Mr. Hartje's lawyers asked for an adjournment that they might determine their course. An adjournment was refused, but a recess was taken. When the case was resumed at 2 o'clock Carvalho went on the stand and reiterated his testimony, adding that the cardboard letter was "fabricated and was not in the handwriting of anyone whose penmanship had been exhibited in the case."

Dr. Mason Ewell, the Chicago handwriting expert, followed Carvalho on the stand and corroborated him. Both said the letters they had examined were in the same handwriting as the "Wagner" letter.

Asylum Authorities Ousted.
Norfolk, Neb., July 13.—Governor Mickey appeared at the state insane asylum and served written notice on Superintendent Alden and Assistant Nicholson that they are ousted. The officials replied in writing that they refuse to vacate. The matter will probably go to the supreme court. Governor Mickey makes various charges against the asylum officials, charging cruel treatment of patients.

Philadelphia, July 13.—Announcement was made last night that Judge James Harvey MacLeary of San Juan, associate justice of the supreme court of Porto Rico, was married here yesterday to Mary King MacLeary of Auburn, N. Shreveport, La., July 13.—The body of an unknown negro was found hanging to a tree in the northeastern part of Claiborne parish, having been lynched by a mob, who took him from officers. The lynching occurred a few miles south of Junction City, Ark., where the negro attempted a criminal assault on the sister of Ned Thompson, a prominent farmer.

Wouldn't Accept Resignation.
Lima, Peru, July 13.—President Pardo has refused to accept the resignation of Minister of the Interior Zapata tendered in order that the latter might be free to fight a duel with Senor Ulloa, a journalist, who he claimed had insulted him in a published article. The duel was fought Wednesday, neither participant being injured.

Battle With Guatemalans.

Washington, July 13.—Regalado, former president of Salvador and the leader of the Salvadorean troops in the present conflict with Guatemala, was killed in battle yesterday. The announcement of his death reached the state department through a dispatch from United States Minister Merry at San Salvador. The dispatch stated that Regalado was killed in the last movement of the Salvadorean troops against the Guatemalans, but did not indicate what the result of the battle was.

Tomas Regalado was president of Salvador from 1899 to 1903. A provision of the Salvadorean constitution prevented him from having a second term immediately following his first, but he was a candidate to succeed President Escalon, whose term will expire next year, and doubtless would have been elected, as he was a popular idol who had achieved much fame as a soldier.

Official Confirmation.
Panama, July 13.—Senor Barrios, foreign minister of Guatemala, has cabled to the Panaman government as follows: "Guatemala, July 12.—The Salvadorean government has invaded Guatemala territory, compelling us to make an energetic defense. We obtained a complete victory yesterday at Jicaro, where General Tomas Regalado, the chief commander of the Salvadorean army, was killed." The United States cruiser Marblehead left Panama last night for Guatemala.

Further Guatemalan News.
Mexico City, July 13.—A report received from Guatemala via Yucatan states that Alfredo Quinones, a Mexican citizen, has been executed, but no details are given. There are other reports of attacks on Mexicans by Guatemalans, but there is no confirmation. General Elizondo, a Guatemalan officer, has left for the United States on a secret mission. Honduras states that it has during the present revolution in Guatemala preserved strict neutrality.

Salvadoreans Defeated.
New Orleans, July 13.—An official cablegram to the Guatemalan consul here says that the battle in which Regalado was killed was fought Wednesday afternoon at El Jicaro, a place about five miles from the frontier in the department of Jutiapa, Guatemala, and twenty-five miles from the Pacific coast. The dispatch says that the Salvadoreans were defeated.

THE PALE TERRORIZED

Great Fears Expressed in Russia of an
Anti-Jewish Uprising.

St. Petersburg, July 13.—Contrary to expectation, no case of disorder in St. Petersburg was reported last night. The streets throughout the day were heavily guarded with patrols and the workmen's quarters were crowded with troops. Several meetings were held in the various suburbs, but they were of a peaceful character. From the provinces the news is less satisfactory. Everywhere collisions with the police are reported. No further news has been received from Poltava, but the whole Pale is terrorized by rumors of anti-Jewish outbreaks.

Looking for Trouble.

Cody, Wyo., July 13.—One hundred strikers have taken possession of the government camp at Corbett Tunnel on the Shoshone reservation works, eight miles from Cody, and have created a reign of terror. They threaten the lives of 500 other men if they return to work. Sheriff Hammett of Cody with fifty mounted deputies, heavily armed, have left here for the scene of the trouble. A battle is sure to follow, as the strikers are armed and are incensed at the officers because they drove them out of Cody July 4.

FULL REPARATION

Will Be Made For All That
Captain Dreyfus Has
Suffered.

TWO-FOLD VINDICATION

Much Persecuted French Army Officer's Innocence Established and His Position Restored.

Exhaustive Inquiries Had Completely Demolished Accusation Against Prisoner of Devil's Island.

Paris, July 13.—Alfred Dreyfus was completely acquitted of the charges on which he was condemned as a traitor, dismissed from the army and imprisoned on Devil's Island, and regarding which France has been torn for years by the most bitter political and racial agitation. His vindication is two-fold, the supreme court first announced.

CAPTAIN ALFRED DREYFUS.

ing a decision establishing the entire innocence of the accused man, and the ministry later deciding to present an urgent bill in parliament restoring Dreyfus to the army with advanced rank and otherwise giving reparation.

The decision of the court was a foregone conclusion. Exhaustive inquiries had completely demolished the accusation against Dreyfus, showing that the real culprit was Major Count Esterhazy. The decision therefore annulled the condemnation of the Rennes court martial and ordered that the acquittal be posted and published throughout France.

Last night the ministers held a protracted special session at the Elysee palace under President Fallieres and determined on the government's course. Two bills were formulated which were introduced in the chamber of deputies today, concerning respectively Dreyfus and Colonel Picquart. The object is to restore both to the ranks they would have held if they had served continuously in the army. Dreyfus consequently will be nominated a major, with eventual early promotion to a lieutenant colonelship. Picquart will immediately become a brigadier general. Dreyfus's name also will be inscribed on the list of the Legion of Honor, but he will not be directly nominated to that distinction.

The bills will be taken up immediately and the ministers will endeavor to have them pass both houses in the course of the day. The cabinet desires to settle the matter before the parliamentary vacation in order to avoid a recurrence of agitation in the country.

SPIKED A SWITCH

Deadly Work of Train
Wreckers at a Siding
Near Princeton.

FIXED FOR PASSENGER

Design of the Wreckers Evidently Was to Wreck the Limited But This Plan Failed.

Freight Train Was Caught and Ditched and Three Trainmen Were Killed.

Princeton, Ind., July 13.—Wreckers spiked a switch at the Jackson mine siding, twelve miles east of this city, and a westbound freight train on the Southern railway went into the ditch. Three men were killed and one thought to have been fatally injured.

The dead: John B. Fanning, fireman, Princeton; Malloy Capheart, brakeman, Winslow; John Moch, machinist, W. B. McWilliams, engineer, New Albany, was scalded and crushed and his condition is serious.

The train was running thirty miles an hour when the engine struck the spiked switch and toppled over, the entire train leaving the rails. Southern officials are of the opinion that the wreckers intended to catch the east-bound limited passenger train, as a switch at the west end of the siding was also spiked, and it had to be removed before the wrecking crew could get by. The passenger train was fortunately thirty minutes late, and the freight had precedence. Owing to the wreck the passenger train was detained by way of Evansville.

Superintendent Coffee said that he had not the remotest idea who was responsible for the wreck, nor why anyone should have designs on the Southern. It is understood, however, that gangs of men had repeatedly uncoupled freight trains and stoned the freight men because they were put off while stealing rides, and there is a possibility that in this way they avenged themselves. A similar attempt was made last Tuesday night to wreck a freight train by uncoupling the cars and soaping the track.

THEIR OWN CARELESSNESS

Led to the Shocking Death of Two Coal Miners.

Boonville, Ind., July 13.—While hammering a red-hot tool in the coal mine five miles north of this city, a spark fell into an open keg of powder, causing an explosion. Cyrus Moody and Daniel Reed, thirty-five and nineteen years old respectively, were blown out of the shop. They were rendered unconscious and their clothing was set on fire.

Reed, on recovering from the shock, ran into the slope of the mine and jumped into a reservoir of water, putting out the fire, but not until he was so badly burned that he died shortly after. Moody, recovering his senses, tore his clothing off, but he was burned to a crisp about the chest, and the flesh and nails fell off his fingers. He died a few hours later.

Only a small quantity of powder had been used out of the keg before the explosion. The coroner found that the accident was due to the carelessness of the two men.

More Pay for Judges Wanted.

West Baden, Ind., July 13.—At the meeting of the State Bar association the committee on judiciary and law reform recommended that the legislature be asked to enact a law by which the salaries of circuit judges shall be raised and the judiciary circuits enlarged, so that there may be two or more judges in each circuit and each hold court in turn in each county. The committee urged that by having the judges follow each other in holding court the inconvenience of calling special judges to try cases on change of venue would be avoided.

Lynnville Almost Wiped Out.

Boonville, Ind., July 13.—Lynnville, a small town in this county, ten miles from Boonville, was almost entirely destroyed by fire. Twenty-three buildings were destroyed, with numerous small offices and sheds. The total loss is estimated in excess of \$75,000, the greater portion covered by insurance. The fire was under such headway when discovered that it was impossible to do anything with the means at the command of the town. It is not known how it originated.

Fined One Cent.

Terre Haute, Ind., July 13.—Judge Stinson of the superior court yesterday fined ex-Mayor Bidaman and his attorney 1 cent each and costs for contempt of court, by going to the meeting of the city council when the court had restrained Bidaman and anyone acting for him on his authority from interrupting the proceedings of the council.

Insurance Investigation Ordered. Indianapolis, July 13.—State Auditor Warren Bigler announces that he will on Monday begin a thorough investigation of the books of the State Life Insurance company. The auditor has served notice on the officers of the company that he desires to examine the concern's books and methods of doing business.

SHOCKING FATALITY

Seven Children in a Cedar Rapids Wading Party Drowned.

Cedar Rapids, Ia., July 13.—Eight little girls, aged from seven to sixteen, at a picnic on a river bank only three blocks from home, went wading yesterday afternoon. The smallest one slipped into a deep hole in the river and in trying to rescue her six others were drowned. The dead: Lucille, Hazel, Gladys and Josie Sweeting, Ruth and Cora Coyle, Clara Usher. Ruth Kiersy, the only survivor, said they were wading when little Lucille Sweeting slipped into a deep hole. Hazel Sweeting rushed after her, slipping into the hole, then the next girl pushed after her, and so they kept trying to save each other until all of the girls except Ruth Kiersy had been drowned. She then ran home and gave the alarm.

A Tricky Turfman Disqualified. New York, July 13.—The stewards of the Jockey club, the controlling body of the Eastern turf, last night took drastic action in the matter of the horse Go-Between, which won the Suburban handicap at Sheepshead Bay when entered as a gelding and was subsequently protested on the ground that he was a stallion. The trainer's license of John Shields, who handled Go-Between, was revoked and all horses the property of Alexander Shields, owner of Go-Between, Ormondes Right, Halifax and other good performers, were disqualified for thirty racing days.

Town Destroyed by Cloudburst. El Paso, Tex., July 13.—A cloudburst and landslide on July 10 at Ocampo, Chihuahua, Mex., almost completely destroyed the city and killed seven or more persons. Many others were injured, and it is expected some of them will die. All the killed and injured are Mexicans.

Republican "Want Ads" Bring Results

BIG DROPS OCCUR SOMETIMES IN OUR PRICES, BUT NEVER IN THE QUALITY, STYLE OR FINISH OF ANY OF OUR GOODS. DEAR BROTHERS & SISTERS GET THINGS WHERE YOU GET THEM RIGHT. BUSTER BROWN.

Do the merchants who advertise all of the time that they will sell you goods "below cost" really mean it? Of course not. How could they and keep it up? It's not arithmetic. But you can understand, can you not, how that at this season of the year when summer business is nearly over that a legitimate store may wish to close out many lines they have bought too many of. Many merchants buy job lots and poorly in the goods to spring on the people at this time of the year but look out for these fake sales. We would rather do without business than to give our patrons poor stuff. We are here to stay. So even at prices we confess are reduced and let us out about even we have left lots of "clothes of quality" at these prices: Suits \$5.00 to \$15.00, Pants \$1.00 to \$5.00.
